ready to raunch

Ashley may look like she's from the Midwest (which she is) but that doesn't make her vanilla. She's a down and dirty fuck doll who will do anything to get her man off. And we mean anything.

"My attitude is that if your there to fuck, then anything goes."

"This may sound a little weird, but I've love asses. They are so perfect, both in function and in aesthetics. There's nothing like a nice round firm butt. I especially like diddling with a guy's butt because so few women will do that for their man. But every one that I've been with has loved it, and reciprocated my affection by fucking me in my ass.

diary of a lonely housewife

My name is Nancie and I'm twenty-four. I recently got divorced and moved back home with my mom. It's been a tough adjustment, so to keep my sanity, I'm keeping a diary and trying to maintain my sanity. To keep myself occupied, I'm helping my mom as much as I can. Here's a look at my last week.

Saturday, June 21

I've separated from my husband of only two years. It had been a rough time and perhaps we married too soon. My mom warned me about him and now I know she was right. So tonight I'm about to get ready for my mother's welcome dinner party. She's having some rich old lady over who just moved into the neighborhood. This isn't what I bargained for, but if I'm gong to be in my mother's house, I have abide by her rules.

Sunday, June 22

Last night we had a welcoming dinner party for our new neighbor. It was not quite as I pictured it would be. Our new neighbor, I mean. She wasn't quite as old as mom made her out to be; she's probably about 38 or so. Anyway, she's really beautiful. She was wearing a short black dress, and she has really long legs, and wavy black hair. And she had a sexy name: Alexis. We had a nice rapport and she asked me if I wasn't doing anything for a week or so, if I could help her by walking her dog, Freddie, until she settled in and found a full-time dog walker. I said I could do it for the next week. I don't really want to walk her dog, but I said yes so I could see her again. All through dinner I kept staring at her breasts, and her lips. I was so happy whenever she was talking because then I had a reason to look at her. Is it possible to have a crush on a woman? It's never happened to me before!

Monday, June 23

It's 10 in the morning and I went to Alexis' house to begin my dog walking obligation. She answered the door was wearing a short robe and had no makeup on, but she's even prettier without it! As she was telling me about her dog, she started getting dressed right in front of me! She didn't seem shy at all! I felt my pussy start to drip in my panties because I was getting so excited. I felt really tingly down there, the way I do when I have to masturbate.

Without finishing dressing, she put Freddie on his leash and handed it to me. Her robe fell open as she bent down to pick him up for a doggie kiss. I couldn't help but stare at her body and breasts. All she was wearing was apier of black lace panties under her robe. She caught me looking but didn't say anything. I was too embarrassed to say anything else to Alexis. She handed me her dog and I walked out the door. I heard the door close behind me and I started my walk with Freddie.

I feel her tongue part my labia and seek my little pearl. She swirls it in my wetness and sucks it carefully, pulling and pushing it in it's sheath.

Tuesday, June 24

It's eight in the morning and I'm ringing Alexis' doorbell again. So today I tell myself I'm not going to think any perverted thoughts about Alexis, no matter what. And I felt really sure of myself until Alexis came to the door wearing nothing but a red lace bra and matching thong. I couldn't help but stare at her marvelous body and beautiful face. "You're always showing up when I'm getting dressed," she said and she kind of laughed.

She goes back into the house to look for Freddie's leash when she asks, "The other night at your mother's party, you said you are now separated from your husband?" and I said "Yes, it didn't work out. I think I was probably too young to be married."

"My meeting's at 10 this morning. If you want, please come in and have a cup of coffee with me before you walk Freddie." she says. I wish I had something else to do so I could tell her I was busy, but my mouth blurts out, 'I'd like that, thank you." I looked at her and I realized she was staring at me. Breaking my stare, she leads the way to the kitchen, me following.

"Cream and sugar, or do you like yours black?" she asks. "Cream but no sugar," I respond. Handing me the cup, she says in a breathy voice, "You don't really want to walk Freddie?" She was kind of biting on her lower lip and trying not to smile. "What do you mean?" I said. So she came over and put her face really close to mine, and says "You really want something else, don't you?" And then, she kisses me!

So, then my breathing stopped, but I didn't care. Her tongue felt soft and slippery and her lips were like big marshmallows. She then takes my hand and leads me to the bedroom and pushes me down on the bed and starts to take off my jeans. It was all happening so fast that I didn't have time to be shy or anything. Then she started nibbling on my thighs, giving me little kisses and little bites all around my thighs and getting closer and closer to my panties. In my mind I was begging her to put her mouth on my clit, and finally she started breathing on my pussy, like hot little breaths. She reaches my panties and brushes her lips across them. Her hands come up on either side of my hips and pulls my panties off. She looks me straight into my eyes as and puts her lips right on my clit and gives it a long, lingering kiss. I feel her tongue part my labia and seek my little pearl. She swirls it in my wetness and sucks it carefully, pulling and pushing it in it's sheath. Her tongue then seeks the private entrance to my pussy pushing the gates aside and penetrates me. I move my hips to keep my pussy on her mouth and soon I feel my orgasm starting, and it was only a few seconds before I came right in her mouth. She must have felt it too because she sat back and smiled and wiped her lips. Looking up at me, I see my juices all around her mouth, glistening in the morning light. She get's up and makes for the bathroom and I hear the faucet turn on. I hastily get dressed and poke my head into the bathroom and tell her I'm going to walk Freddie now. She raises her hand to acknowledge me.

Wednesday, June 25

It was a restless night for me because all I thought about was yesterday morning. Her lips, her tongue. I have to go over again today to walk Freddie, and I have to tell her how I feel. I know she'll probably think I'm a crazy person or if she'll take my confessions to heart and feel the same things that I'm feeling. I'll know shortly.

When the door opened, she was dressed for once wearing a dressy sleeveless blouse and black pencil skirt and full make up for a day at the office. I noticed how toned and muscular her arms are. She didn't invite me in but says sharply, "I've already walked him this morning."

"Alexis, if you have a minute, I'd like to talk with you about something. It won't take long, I promise." I say to her standing on her stoop. She steps back into her house and gestures me inside. We sit on the sofa and she looks at me expantantly. With some hesitation I begin by telling her that she's beautiful. I tell her that I'd never been with a woman before yesterday and it wasn't like anything I had felt before. She smiles at me and I want to tell her more. But instead I just pull her close and start to kiss her. She moaned a little as I pushed my tongue into her mouth. She responds to my kiss as I put my hand behind her neck and pull her closer and deeper into my mouth. Then, I feel her start to suck on my tongue. She bites my lip and the mixture of pleasure and pain gets me even more turned on.

I pulled her shirt and bra off, and began kissing her light brown nipples and fondling her perfect breasts. I must have been doing a good job because she was breathing and moaning heavily and said in a hush, "Nancie, take off my skirt." I push her back on the sofa and reach to the side to unzip her skirt. She lifts her hips up and I pulled it off, and her panties, too. I slid down to her pussy lips that were hidden ever so slightly by a mound of perfectly coiffed pussy hair. It was sicky and moist from our kiss and about to become wetter.

I was a pussy eating virgin so I just shoved my face right between her legs and started licking all around her lips the inside her sopping wet hole. I felt the knob my tongue was searching for above her hole and I started licking it really softly. My hands were on her breasts and my fingers were twirling and pinching her half-inch hard nipples. Suddenly she grabbed me by the hair and pulled my mouth closer into her pussy as she screamed "I'm gonna cum... I'm cumming!" I felt something warm and wet on my lips and I knew she was having an orgasm. I looked up at her and her eyes were pushed back in her head, half open half closed, all ecstasy.

I stand up and adjust my clothes. She sits up and smiles at me. "Nancie, I still have to go to work. Can we talk tomorrow?" "Of course."

Thursday, June 26

Today is Thursday and I've known Alexis for five days. She's been nice to me but a bit stand-offish because I'm a warm and loving person. Yesterday I didn't get a chance to tell her what I felt, so I'm on my way now to do so. She answers the door, this time a bit more discheveled than I have seen her before. But even like this she looks so very hot. "Please walk Freddie and when you come back I'll be ready." she says with a small sleepy grin.

When I finished, I let myself in and take Freddie's leash off. I call to Alexis and see her standing in the bedroom hallway, with her hir nicly styles, wearing only black sheer stockings. "You still want to talk?" she coos and walks out to me sauntering like a runway model in heat. This time she is the agressor. "Strip down." she softly commands. I do and she pulls me into her, flesh upon flesh and for the first time our bodies are in full contact and I feel the electricity between our skins. She kisses me fully and gently pulls me down on the sofa. She motions me to move my pelvis in close to her and opens my legs and scoots herself in until I could feel the wetness of her pussy and her soft lips hitting my clit. The rhythm of our movements started getting faster and faster as we rubbed our pussies together. Our pussies were so wet now that they were making little squishing noises but that just turned me on even more... *to be continued...*

I gotta go right now... Please check in with me next issue as I'll tell you how Thursday ended and the erotic revelations of the next week.

THE NEW HUSBAND'S SURVIVAL GUIDE

By Drew Mason

As a husband of almost twenty years, I thought that I'd put down on paper a short survival guide to get through the rougher times that are sure to cause bumps in your new marriage. These rules are simple enough, but by abiding by them, you'll probably have a long and happy married life.

Rule one: The wife is always right. She's right, even when she's wrong.

Rule two: The wife can change the rules of your marriage at any time, without consulting anyone.

Rule three: She'll let you have the last word in a discussion or argument, just as long as it's: "Of course, dear." or "Yes darling."

Rule four: When your wife asks if she looks fat, or should lose some weight, or asks if you like her new outfit, the true answer will surely get you into trouble, so the correct answer is to tell her she looks great. If she presses the issue, stand by your position and be strong. They will pounce on you at the first sign of weakness.

Rule five: Having a small, but expensive gift all wrapped up and ready to give her will go a long way in diverting her wrath. Remember, it's all about timing. You have to sense when you're in a corner: forgetting her birthday, her mom's birthday, your anniversary, or even your first date together. (You'll probably only remember the first time she gave you head.) In a smooth and confident voice tell her, "Darling, I have a little something for you." The key word is little, because when you hand it over to her, be sure it's not little. Two things, though; the irony may be lost on her, and don't wrap up your dick as the gift.

Rule six: The in-laws. If you're fortunate enough to have her parents in your life then party on. Never, ever say anything bad about either of them. They have known her for more years than you'll probably be married.

Rule seven: When it comes to sex, think twice before engaging in it. Do your homework. Check her time of the month, check her mood, check her schedule, check your breath, check your underwear, check your checkbook.

Rule eight: You are expected to know and understand the rules without them ever being explained to you, and you are expected to keep up with any changes the wife makes, even though she will never tell you that they rules have been changed.

Not all housewives are nasty. But our cover girl for the last issue of Nasty Housewives, *Lexi is. Yes, she may have a sweet smile and a kick-ass body, and fucks like a bunny, but she eats her men whole and spits them out in pieces. After her fuck with Reno in her pictorial, Lexi told us she went home and fucked for another couple days. We asked if she's got any pictures or video of it. She said she did and would put them in the mail to us.*

A Woman's Guide to Anal-izing the Male

By Julia Ballardo

Ed. – In order to give equal time to the women in our audience, we asked men what topic was important to them besides their cars and sports. This is what they wanted addressed.

Ladies, let's face it, sex with men can be really trying. Makes me wonder why we're not all lesbians. Nonetheless, I'm going to tackle a tough issue for both men and women: Analingus. Defined as oral stimulation of the anus, but there are many euphemisms for it. Like pornography, most people are either for it or against it. We won't stop at mere analingus, but we'll discuss frankly about insertions into that space, too. The subject may be slightly taboo to some, so those may want to change the channel!

Okay, let's get into it (no pun intended). Rimming your man: If your man really likes having his perineum (the space between a man's anus and scrotum) massaged or caressed or rubbed during oral sex or intercourse, then he may very well like having oral attentions there, too. But men may have although time of asking for it though, so it may be up to you to take the first step. If you want to suggest trying it, then you could both take a shower together and make sure that you are all clean first.

Start with oral sex. A good blow job will get his juices flowing and make him more receptive to more. Lick and suck on his balls and play around down there. Make him anticipate what's about to come! Add hand job at the same time and he's probably ready for more.

When you're both ready, roll your tongue around his anus, and gently graze over the area as if you were licking an ice cream cone. See if it makes your man spasm or shudder! (If it does, that's a good thing!) Then, just continue to move your tongue all around his anus area. Men who respond well to rimming say that it really increases the intensity of their orgasms. Some may want your finger or a small toy inserted. I do not think that makes any man gay, by any means, and if you man, does, then just stay away.

Rimming your man can easily be added to your sex lives. If you do engage in it, be sure he is very clean down there. Yes, a shower is mandatory and if you feel you need to go and scrub him down there, then do. (That in itself can be a great sexual feeling and you may never get out of the shower.) So now you're happy with his cleanliness and you two are going at it. Start slow and let it build. The stimulation alone will make him want more and you can now use your fingers and rub and tease his butthole.

You can also do this by using a small vibe, dildo or butt plug. Working a toy into the act can be fun and it relieves you of being down there and can focus on a more complete sex act! Of course, it should go without saying, that lube is a critical element of this type of sex play. Water based lubes are best for anal sex play, and stay away from oil based lubes.

More so than other sex acts, health issues need to be taken into consideration when thinking about rimming. Be sure that you take extra lengths to be clean down there when you are going to incorporate any kind of anal play into sex. You may want to consider dental dams or other such devices, but whatever you do, act responsibly down there and enjoy.

A Shy Italian?

My name is Sylvio. I'm a 36-year-old Italian man that is very shy. But I'm going to come out of my shell a little to tell you how I feel. Here goes. I don't know why, but Cytherea (Nasty Housewives, Number 53) is my life-long fantasy. She is so sexy and classy, not to mention she's a real sweetheart, too. Thank you. Love and kisses and everything else I would like to do to her.

– Jesse, Denver

Unforgettable?

Keeani, what an awesome woman you are, I love petite Asian ladies

the hottest woman alive. I'm going to admit that she makes me rock-hard. She is totally gorgeous, and to see her with stunning Luci Thai licking and sucking each other and then doing the same to a guy, what a perfect combination of sexuality.

I can't stop fantasizing about her, and the pictorial just fuels my fantasies. Damn; she's so fucking hot. As her biggest fan, if at all possible I would do anything if I could get an autographed photo. That will really put me in fantasyland. I bet and you are unforgettable. You are between a girl and woman and that is so hot to me. You are the best of all that the magazine had to offer. I dig so much what I see. I sure hope to meet up you one fine day. I know I could satisfy you in an instant, as I know you sure would satisfy me. I am 5' 10" 165 lbs. and in good physical shape at 40 with olive skin, dark hair, brown eyes. I want you to come out to Arizona for a week or so. You may write me also.

– Vincent, Phoenix

When I stared posing for magazines, I was really shy because it was all new to me. Imagine having sex in front of strangers and having it recorded. Now I love to show off for the camera. And I like the variety of pussies I get to lick and

the large cocks that get to fill my mouth and my wet pussy.

Tina Tokyo knows what all men want, and she's got it.

"As a woman, you are approached by all kinds of men, all the time. Some in subtle ways; others not so subtle. But in the end, you know what all of them want. To get in your panties. Not just your pants, but your damn panties!"

"Just to be sure, guys, it's a pussy that's a woman's best frind, not your cock. My pussy is my private jewel box with the diamond tucked nicely inside. In order for you to get my diamond or get into my pussy, you gotta treat me right. And by that I mean, when you come waving your cock around, be sure it's up to the task, or no pussy!"

i just made the bed

"Amber is not a great housewife because she just spent an hour making the bed. Now, T Reel's come over.

"I thought I'd surprise my husband with a nicely made bed, but now I have a feeling it's going to get all messed up again. But I really don't mind, considering what we're going to do in it. Before you turn the page, I just want you to know that I've videotaped this scene and you can view it online. Be sure to cum back."

"I like fucking in the bed. You can stretch out and get stretched in it. There's plenty of room to throw your legs back and let him fuck you. It's nice and soft when you're on your knees sucking his cock, or riding it cowgirl style. That stuff's rough on the knees on the floor. But the best thing about fucking on the bed, is that once you're finished, you can curl right up and go to sleep! Right, guys?"
